

Danish Chemical Society  
Section for Organic Chemistry presents:

## Autumn Minisymposium 2015 Recent Advances in Transition Metal Catalysis

18<sup>th</sup> September 2015, 13:00–17:00

Festsalen, Frederiksberg Campus, University of Copenhagen, Bülowsvej 17, 1870, Frederiksberg C

13.00–13.10 Welcome by Section for Organic Chemistry

13.10–14.00

**Professor Matthew Gaunt**

Department of Chemistry, University of Cambridge, UK

14.00–14.50

**Professor Troels Skrydstrup**

Department of Chemistry and iNANO, Aarhus University, Denmark

14.50–15.10 Coffee/tea break

15.10–16.00

**Professor Michael Willis**

Department of Chemistry, University of Oxford, UK

16.00–16.50

**Professor Alois Fürstner**

Department of Organometallic Chemistry,  
Max-Planck-Institute for Kohlenforschung,  
Mülheim and der Ruhr, Germany

16.50–17.00 Concluding remarks by Section for Organic Chemistry

Event is co-sponsored by H. Lundbeck A/S and Novo Nordisk A/S.
